

Maximize your harvest with our Oyster Crate, a low-cost yet highly durable transport and sorting solution. This strong plastic box makes it super easy to carry, clean, and store lots of oysters. It is light enough to pick up easily, but strong enough to hold a huge load without breaking.

The holes in the bottom let dirty water drain right out, and the smooth plastic washes clean in seconds. Best of all, when the boxes are empty, they slide together like LEGOs making it easy to stack, organize, and to save space on your boat or truck.

MATERIAL SPECIFICATIONS

Length	23.6 in	60.0 cm
Width	15.7 in	40.0 cm
Height	9.3 in	23.6 cm
Weight	3.6 lbs	1.64 kg
Capacity	37.0 L	
Construction	Polyethylene	
Standard Colors	Orange	

KEY FEATURES

- Manufactured from industrial grade plastic
- Robust construction
- Orange as a standard color
- Ventillated sides and botom
