

Our Synthetic TIDAL Rope Thimbles offer an innovative, lightweight yet heavy-duty solution for the marine towing and mooring industry. Designed for easy handling and superior strength, they feature a generous inside dimension to accommodate our marine towing shackles or large standard shackles.

Engineered for reliability, these tube type thimbles ensure secure connections for synthetic ropes and long-lasting performance in demanding conditions.

Rope Circumference (in)	Weight (kg)	Rope Diameter (in)	Rope Diameter (mm)	Dimensions (mm)					
				A	B	C	D	E	F
